THE SMILEY IP LAW GROUP, P.A.; Suite 100 200 South Andrews Avenue Fort Lauderdale, Florida 33301 (US)

(54) Title (EN): SELF-FOAMING SHAVING BRUSH

(54) Title (FR): BLAIREAU FORMANT AUTOMATIQUEMENT LA MOUSSE

(57) Abstract:

(EN): A shaving brush assembly includes a plurality of bristles (202), a base (204) with a first side (206) coupled to and supporting the plurality of bristles, a second side opposite (208) the first side, and defining a passageway (210) from the first side to the second side, the passageway dimensioned to receive at least a portion of a nozzle (304) of a shaving cream container (302). The assembly also includes a sleeve (212) coupled to and extending from the second side of the base, with the sleeve having an inner diameter less than an outer diameter of a standard- sized container of shaving cream.

(FR): La présente invention concerne un ensemble blaireau comprenant une pluralité de poils, une base définissant, d'une part un premier côté couplé à la pluralité de poils qu'elle supporte, d'autre part un second côté opposé au premier côté, et enfin un passage d'écoulement qui va du premier côté au second côté et dont les dimensions sont conçues pour recevoir au moins une partie d'une buse d'un récipient de crème à raser. L'ensemble comprend également un manchon couplé au second côté de la base sur lequel il prend naissance, le manchon présentant un diamètre intérieur inférieur au diamètre extérieur d'un récipient de crème à raser de dimensions standards.
