(54) Title (EN): IMPROVED ONLINE REAL-ESTATE ACTIONS

(54) Title (FR): ACTIONS IMMOBILIÈRES EN LIGNE AMÉLIORÉES

(57) Abstract:

(EN): The present invention related to a method for performing an online real-estate related action. The method involves using a software program to perform the steps of: establishing a secure profile of a client; and enabling the client to select the action to perform. Preferably, the method involves exiting the software program, and then performing the step of enabling selection of the action directly upon re-entry to the software program without the need to re-perform the step of establishing thereby saving time.

(FR): La présente invention concerne un procédé permettant d'effectuer une action associée à l'immobilier en ligne. Le procédé consiste à utiliser un programme logiciel pour effectuer les étapes suivantes : établir un profil sécurisé d'un client ; et permettre au client de sélectionner l'action à effectuer. De préférence, le procédé consiste à sortir du programme logiciel, puis à exécuter l'étape consistant à permettre la sélection de l'action directement lors d'une nouvelle entrée dans le programme logiciel sans qu'il soit nécessaire de réexécuter l'étape d'établissement, ce qui permet d'économiser du temps.
