(54) Title: DISPENSER ASSEMBLY FOR DISPENSING GLOVES INCLUDING A CARTRIDGE AND A DISPENSER WITH A GLOVE PUSHER

(57) Abstract: A dispenser for dispensing gloves is provided which includes a housing having an exit port, the housing also formed to include a compartment which is configured to hold a plurality of gloves therein. The dispenser includes a glove pusher movably coupled to the housing. At least a portion of the glove pusher is configured to move within the compartment of the housing and push at least a portion of a glove disposed in the compartment through the exit port. A cartridge configured to be disposed into a compartment of a dispenser is disclosed. The cartridge is formed to permit a portion of a dispenser to move into the internal compartment of the cartridge to move at least one of the plurality of gloves at least partially through the at least one opening in the cartridge. A dispensing assembly also may include a stack of gloves or a cartridge containing a plurality of gloves. A method of using a glove dispenser is also provided.

**INTERNATIONAL SEARCH REPORT**

International application No  
PCT/IB2007/050675

**A. CLASSIFICATION OF SUBJECT MATTER**  
INV. A61B19/02 A61B19/04 B65D83/08

According to International Patent Classification (IPC) or to both national classification and IPC

**B. FIELDS SEARCHED**

Minimum documentation searched (classification system followed by classification symbols)  
A61B B65D

Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched

Electronic data base consulted during the international search (name of data base and, where practical, search terms used)

EPO-Internal

See patent family annex.

\* Special categories of cited documents :

\*A\* document defining the general state of the art which is not considered to be of particular relevance

\*E\* earlier document but published on or after the international filing date

\*L\* document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified)

\*O\* document referring to an oral disclosure, use, exhibition or other means

\*P\* document published prior to the international filing date but later than the priority date claimed

\*T\* later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention

\*X\* document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone

\*Y\* document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art.

\*Z\* document member of the same patent family
