Re.: International PCT application **PCT/IB2009/007549** filed on November 24,  
2009 in the name of PIANTELLI Silvia et al.  
Our Ref.: B30/0261

Dear Sir

201  
With reference to the above patent application, and to our phone conversation of  
today, concerning the problems arising from our request of May 9, 2011, we  
confirm you that

Ms. Silvia PIANTELLI

wishes to be mentioned as an applicant only, and not as an inventor, as it was  
erroneously indicated in the Request form PCT/RO/101.

And that,

Mr. Francesco PIANTELLI,

is Applicant and Inventor for United States of America only.

Therefore, we pray you to correct the International Publication accordingly.

We apologize for any inconvenience this may have caused.

Thank you for your assistance,

Yours faithfully
