2. COMMUNICATION:

This office is in receipt of an Declaration for Utility or Design Patent Application filed 22 March 2011 for the present application.

The Declaration is improper in that it is not intended for International Applications. Furthermore, the declaration filed is ineffective for the appointing of agents as the agents are referenced by a USPTO customer number and not listed as required under PCT Rule 90.1. The USPTO customer number practice set forth in MPEP 403 may not be used to appoint agents in the International Stage. See MPEP 1807.
