Ms/Mrs. Parianou Christina

**Subject: The priority date for PCT or International application no.
PCT/IN2011/000684 is**

30 September 2010

I had received your letter of dated 27 February 2012 here on 20 March 2012. I am responding to your invitation to correct priority claim and/or notification of possibility to request restoration of the right of priority immediately. Kindly refer my International application no. PCT/IN2011/000684.

I would like to inform you that I had filed my provisional patent application on 30 September 2010. Subsequently, I had filed my **complete patent specification plus PCT application on 30 September 2011**. Therefore, **the priority date for PCT or International application is 30 September 2010**. Since it may take more than 10 days if I send this letter via regular post, I am sending this letter via fax. I hope that this falls within the time limit you had indicated in your letter. I request you to confirm this.

There was none mentioned under point 3 of your letter. That is, In the case where multiple priorities have been claimed, this notice relates to the following priority claim. I also have an invention disclosure—dated **18 April 2009**—related to the provisional patent filed on 30 September 2010. If you need any other clarification, then you can either reach me via email (lakshmanan.boominathan@gmail.com) or phone (0091-413-2355879). I hope to receive a reply from you.

Yours sincerely

Lakshmanane
23 March 2012
