International filing date (day/month/year)
30 August 2015 (30.08.2015)

Applicant
TEL HASHOMER MEDICAL RESEARCH INFRASTRUCTURE AND SERVICES LTD.

1. □ REPLY DUE within months/days from the above date of mailing
   □ NO REPLY DUE, however, see below
   ✗ IMPORTANT COMMUNICATION
   □ INFORMATION ONLY

2. COMMUNICATION:

The International Bureau acknowledges receipt of your request to obtain the priority document US 60/044, 259 31 August 2014 from the DAS digital library on 30 August 2015. However the DAS digital library system indicates that the requested priority document is not registered in the system.
This is a two stage process:

First, request the depositing Office to register the earlier application in DAS. The exact means of doing this will depend on the requirements of that particular Office. See the DAS home page at http://www.wipo.int/das/en/ and the PCT Applicant’s Guide, Annex B http://www.wipo.int/pct/en/appguide/index.jsp of the DAS depositing Office for further indications of the procedure to be followed. You will then receive a DAS access code relating to that application, unless it has already been supplied to the applicant as part of a filing receipt, as is the practice of some depositing Offices.

The second step is to provide the DAS access code to the International Bureau. You may send the access code either in the form of a letter, preferably uploaded online via ePCT public services at https://pct.wipo.int/epct, or else by directly entering the access code using the online Action ‘Obtain priority document from DAS’ in ePCT private services.
