IPC:

CPC: F02M61/14, F02M61/168, F02M2200/852, F02M2200/853, F02M2200/856

FI/F-TERMS:

KEYWORDS OR OTHER ELEMENTS FEATURING THE INVENTION:

A fuel injection assembly having an injector, an injector cup a holding element and a spring clip. The cup comprises opening(s) on its surface to receive the u-shaped holding element. The holding element engages with a groove on the injector. The free ends of the holding element engage with the spring clip. The spring clip has also a leg engageable with the fuel injector to fix its angular position.
