

INTERNATIONAL SEARCH REPORT

International application No.

PCT/JP2018/022595

A. CLASSIFICATION OF SUBJECT MATTER Int.Cl. H04N21/238 (2011.01) i, G06F13/00 (2006.01) i, H04N17/02 (2006.01) i, H04N19/156 (2014.01) i, H04N19/177 (2014.01) i According to International Patent Classification (IPC) or to both national classification and IPC		
B. FIELDS SEARCHED Minimum documentation searched (classification system followed by classification symbols) Int.Cl. H04N21/238, G06F13/00, H04N17/02, H04N19/156, H04N19/177 Documentation searched other than minimum documentation to the extent that such documents are included in the fields searched Published examined utility model applications of Japan 1922-1996 Published unexamined utility model applications of Japan 1971-2018 Registered utility model specifications of Japan 1996-2018 Published registered utility model applications of Japan 1994-2018		
Electronic data base consulted during the international search (name of data base and, where practicable, search terms used) IEEE Xplore		
C. DOCUMENTS CONSIDERED TO BE RELEVANT		
Category*	Citation of document, with indication, where appropriate, of the relevant passages	Relevant to claim No.
Y A	二瓶浩一 (外4名) (NIHEI, K., et al.), 「モバイルネットワーク 上り回線におけるライブ映像配信のためのQoE ベース映像ビット レート制御方式(A QoE-Driven Video Bitrate Control Method for Live Streaming on Mobile Uplink)」, 電子情報通信学会技術研究報告(IEICE Technical Report), 25 July 2016, vol. 116, no. 171, pp. 1-6, ISSN: 0913-5685. Especially, see sections 3, 4. [NOTE] English translated version of this document is cited in this ISR as category "P, Y".	1-3, 6-10 4, 5
<input checked="" type="checkbox"/> Further documents are listed in the continuation of Box C.		
<input type="checkbox"/> See patent family annex.		
* Special categories of cited documents: "A" document defining the general state of the art which is not considered to be of particular relevance "E" earlier application or patent but published on or after the international filing date "L" document which may throw doubts on priority claim(s) or which is cited to establish the publication date of another citation or other special reason (as specified) "O" document referring to an oral disclosure, use, exhibition or other means "P" document published prior to the international filing date but later than the priority date claimed	"I" later document published after the international filing date or priority date and not in conflict with the application but cited to understand the principle or theory underlying the invention "X" document of particular relevance; the claimed invention cannot be considered novel or cannot be considered to involve an inventive step when the document is taken alone "Y" document of particular relevance; the claimed invention cannot be considered to involve an inventive step when the document is combined with one or more other such documents, such combination being obvious to a person skilled in the art "&" document member of the same patent family	
Date of the actual completion of the international search 03 July 2018 (03.07.2018)	Date of mailing of the international search report 17 July 2018 (17.07.2018)	
Name and mailing address of the ISA/ Japan Patent Office 3-4-3, Kasumigaseki, Chiyoda-ku, Tokyo 100-8915, Japan	Authorized officer Telephone No.
