 IMPORTANT COMMUNICATION
 INFORMATION ONLY

2. COMMUNICATION:

The International Bureau has noticed that a priority document was uploaded by ePCT for the above indicated file, however the indicated document cannot be recorded, as it is not the original certified copy.

For more information please contact RO/IN and send the priority document that Office RO/IN,

Please see the following options to submit the priority documents to the IB:

- 1) You can contact RO/IN and see with them whether they would accept at this stage to prepare and transmit the priority documents to the IB as per PCT Rule 17.1(b).
- 2) You can also request from RO/IN a certified copy of the priority documents that you can then forward by express courier to the IB (since the copies of priority documents are certified copies, we would need the original documents).
- 3) Lastly, you can also contact RO/IN and ask them to register the priority documents in the DAS digital library. Certain Offices require specific forms to be filled in for this purpose (for the USPTO either form PTO/SB/01 or PTO/SB/39). Please see the DAS Participating Office page at http://www.wipo.int/das/en/participating_offices.html for further details. Once the depositing Office has taken the necessary steps to register the document in the system, you will receive a DAS access code relating to that application. You would then have to provide the DAS access code to the IB requesting the IB to retrieve the priority documents from DAS. You may send the access code either in the form of a letter, preferably uploaded online via ePCT public services at <https://pct.wipo.int/ePCT>, or else by directly entering the access code using the online Action Obtain priority document from DAS in ePCT private services.
