Dear Sir

**PCT Application No. PCT/GB2018/052383**  
**Claiming priority from UK Patent Application No. 1714405.6**  
**Zappar Limited**  
**Our ref: KSH86851P.WOP**

Further to the filing of this application, we hereby provide the Access Control code for the priority document:

Access Control code: 2EB9

Document Details:

Country/Office: GB  
Number: 1714405.6

Date of availability of access control code: 19 Oct 2017 (19.10.2017)

Due to the DAS System having sent the Access Control code to an incorrect email address, this was not available to us at the time of filing the application.

We believe that the provision of this code should satisfy the requirements for the priority claim. If anything further is needed, please contact the responsible attorney, Katie Howe ([katie.howe@barkerbrettell.co.uk](mailto:katie.howe@barkerbrettell.co.uk)).

Yours faithfully

*Signed electronically*
