Dear Examiner:

In response to the notice mailed December 13, 2019, applicant is hereby correcting the defects noted on Annex C1. Specifically, enclosed herein is a set of replacement drawing sheets for the filed PCT application that conform to Rules 11 and 26.3(a)(i). No new matter is incorporated therein. Specifically, the replacement drawings are corrected in that they are executed in durable black color with uniformly thick and well-defined lines, would be properly distinguishable in reduced reproduction, and contain numbers and letters of height greater than 0.32 cm. The replacement sheets are also in portrait orientation.

Respectfully submitted,
